A JOURNEY TO THE DRAGON REALM

BY
EMMA DAVIES

.....The energy was already intense and I could feel the higher dimensional vibrations all around me. I brought my golden cord up from the heart of mother Gaia through each chakra grounding and aligning my energy centres from root to crown and up into my Soul Star Chakra, I connected with my Higher Self and the Great Divine Source.

As I stood on top of my Soul Star Chakra I noticed a swirling portal of iridescent light, it drew closer and I could feel a strong pull of the vortex calling me in. Without hesitation I took a step towards the portal and got swept up with great speed.

The next thing I knew I was flying through a tunnel of light energy and everything was moving past so quickly it was a blur, eventually after some twists and turns I found myself on the other side of the portal.

I found myself in a magickal floating land of lush vegetation and giant trees, a land of crystal clear waterfalls and large caves, the very land I had imagined as a child.

Just ahead of me was a grand waterfall, I could feel the vibrations of the water cascading down and hitting the pool of water beneath it, this pool of crystal clear water flowed into a stream which then poured over the side of a cliff and into to the clouds beneath.

As I walked forwards I could see beyond the wall of water into a large dark cave. I knew instantly that this is where I needed to go so I stepped into the shallow pool and walked with purpose, I took a deep breath and walked through the waterfall. I paused for what seemed like an age as many years of density was alchemised from my energy field and as I emerged on the other side I felt lighter and cleansed.

I noticed that the cave stood empty, it was hard to see in the darkness but I felt a very familiar energy as she revealed herself to me in all of her magnificence. Beautiful black scales covered her huge body, as she stood muscles in her legs tensed under her immense weight, silver claws emerged from her front and hind feet, her long tail uncurled revealing a row of silver spines leading all the way up to her hips, as she spread her black wings I was awestruck and a wave of emotions came over me, tears stung from my eyes and I could feel the wetness on my cheeks.

‘Hello my old friend’

As we communicated telepathically she told me I was ready to remember who I AM and with that my view switched perspective, I watched as she surrounded me in electric blue flames, I witnessed the layers of oppression and persecution burn away from my soul.

I observed the rebirth of a facet of self and a remembrance of who I AM

I walk through the waterfall, the flames were extinguished and my consciousness is pulled back into my body.

On the other side of the water fall I am transformed, I have soft scaly bluish-purple skin, powerful wings appear on my back and I have a tail, each part of my body is muscular and strong.

My eyes can see for miles if I need them to and my hearing is heightened.

She stands besides me as I feel into my new self.

‘Lets fly she says’

So without hesitation as if I have done this a thousand times before
I take flight, soaring higher, seeing further, feeling the
remembrance as the wind tickles my skin.

I am guided towards a crystal island floating high above, we land
softly and I notice a crystal alter set in the middle of a clearing.

The alter is inscribed with symbols, the instructions to a ritual I
must follow, I remember how to read these symbols and know what
needs to be done.

I stand within a crystal stone circle, symbols etched into the floor
beneath me, as my feet connect at the centre a light travels
through each symbol from the outer edges spiralling inwards
towards me I feel a warmth within my physical body as the light
travels up towards my heart. One by one 6 ancient dragons appear
and place themselves atop of each stone, I face each of them in
turn allowing their flames to be breathed into my heart, each flame
a different colour.

My heart takes on each colour until it is a pulsating mix of them all,
Shades of Gold, Silver, Green, Red, Violet and blue dance and
expand until my whole being is alight with ancient higher inter-
dimensional energy.

My physical body back in the Earthly realm shakes and twitches I
have no choice but to go with it, no resistance, I arch my back,
throw back my head and open my mouth I roar, I begin to speak in
the language of the Dragons.

Light codes have been activated deep within and an ancient
wisdom floods mind and magick fills my body as I transcend and
align to the higher frequencies.

A transmutational Blue Flame pours from the palms of my hands.

I AM returned

I AM Dragon Warrior Queen

I take in some deep breaths and know there is no going back, a new soul mission has been activated. As I gaze around the circle of Dragons they tell me what's next, I am show in my minds eye an army of dense entities coming to Earth through portals in many different waves, in different time periods and places. I now have the unique skills to alchemise them.

I have so many questions but just as swiftly as they appeared the dragons disappear. The wind from their wings creating a tornado of coloured light which sweeps me up, I am held for a moment at the centre-integrating remembered wisdom and I hear...

“There is no need for fear, you are the alchemy and your vessel will know how to wield it on Earth”

‘It is time for you to Earth this magick’
The tornado places me within the portal to the Earth realm and as I exchange a glance with my dragon ancestor I know that this is not goodbye, I pass through the vortex and return to my body.

I spend time resting as I continue to integrate the higher frequencies ready to embody my gifts, sensing my physical body has upgraded on a cellular level.

My natural gifts of healing are fully restored Light Language to activate the light codes in others and to bring transmutational fire to alchemise density and heal trauma.

To heal dense entities and liberate incarcerated souls

I am stepping fully into my soul purpose and power.
